

Day 9

Daily Scripture Reading: Galatians 5:22-23

Dear God,

It is my desire to be fruitful in my life. I know that fruitfulness means that I need to abide in You, just as You have commanded all those that are Your children, so that the Father may be glorified in my life.

I ask that I may be a vessel through whom You would be pleased to work, so that I may bear much good fruit of the Spirit, and not produce dead works of the flesh in my own strength. Lord, I do not want to be a barren branch that lives for myself, but one that grows in grace, matures in the faith, and comes to an ever-deepening knowledge of You day by day, knowing that it is only as I rest, abide, and remain in You, that You are enabled to carry out Your good work within me.

Lord, I know that without You, I can do nothing. Even the good works I try to do in my own strength are as filthy rags to You. Search my heart Lord and point out those things that are not pleasing to You, for I desire to be a clean vessel in Your service. Help me therefore, to confess all the things in my life that may be blocking sweet fellowship with You.

In Jesus Name, Amen
